11 th February	Parent Workshop on reading Onyx Class 9 – 9.30am
12 th February	Free Bike Maintenance Sessions 9 -1pm

Parking near school

For parents who drive to school, please note that parking is prohibited on the yellow box junction area at our Tennison Road entrance. Please also ensure that you park responsibly at either entrance – specifically avoiding parking in front of the driveways of our neighbours. In addition, as many of our children walk to school, please ensure that you drive slowly and carefully when dropping off your children.

Finally, parking within the school grounds is also prohibited for parents – the limited spaces we have are for staff only.

Dr. Bike free maintenance sessions

There will be free bike maintenance session for pupils next Friday 12th February. Children can bring their bikes in to the area outside Scott's office - where Dr Bike will be carrying out his cycle surgery. Please remember to bring in your bicycle locks so that you can lock up your bike securely.

Half Term is coming...

School breaks for half term 3.00pm/3.05pm on Friday 12th February and resumes at 8.45am on Monday 22nd February.

The school meal menu next week is Week 3
